No.L.F.4969 of 1950-51.
Office of the President, D.L.B., Kanara.

From
V. K. B. Balkur, Esquire, L.C.P. & S.,
President, District Local Board, Kanara.

To
The Collector of Kanara,
K a r w a r.

Karwar, 6th/9th February, 51.

SUBJECT:- Appointment to the post of the Engineer in the District Local Board, Kanara.

Sir,

With reference to your letter dated 12-12-1950, communicating that the Hon'ble Minister for Public Works Department has agreed to lend the services of a qualified Engineer from the Public Works Department to the District Local Board, Kanara, with a view to assist the District Local Board to carry out their programme of public works, I have the honour to inform you that your letter was considered by the Board in its quarterly general meeting held on 2-2-1951, while considering the subject of filling in the post according as applications were invited by advertisement in the News papers after the post fell vacant consequent upon the acceptance of the resignation tendered by the District Local Board Engineer Shri S.R.Mankekar. In all 24 applications were received in response to the advertisement given in the Times of India and the Samyukta Karnatak on 11-11-1950.

2. The Board was pleased to accept the proposal received from you. The Board has resolved to have a duly qualified and experienced hand from the Government Public Works Department to the vacant post of the Engineer in the District Local Board for a period of two years, in the scale of Rs.220-15-400-E.B.-20-500-E.B.-25-650, sanctioned by Government for the posts of the District Local Board Engineers, subject to the usual foreign service conditions and terms as laid down in the B.C.S.Rs. A copy of the English version of the Board's resolution No.27 of 2-2-1951, is appended for favour of perusal.

3. I have the honour to request you kindly to move Government in the matter of lending the services of a competent and experienced hand from Government Public Works Department at a very early date. The Board has been without an approved Engineer since 6-11-1950 and has been greatly handicapped in forwarding ahy proposals of new works for Government grants and hence the request for his early appointment.

4. I am glad to inform you that the Board has been pleased to consider the suggestion contained in your above quoted letter about inviting tenders for a group of works to be carried out in a suitable area such as a taluka or part of it or parts of two or more talukas. The Board has accepted your suggestion and has resolved to try it to the best possible advantage of the Board. A copy of the English version of the Board's resolution No.21 of 2-2-1951, in this connection is appended for favour of perusal.

Yours faithfully,

Sd/- V.K.B.Balkur,

President,

E.B.(I). Public Works Deptt.

The President, D.L.B., Kanara, requires the services of a qualified and experienced Dy. Engr. from this Deptt. for apptt. as an Engr. in the D.L.B., for a period of two years, in the scale of Rs.220-15-400-20-500-25-650 subject to the usual foreign service conditions and terms as laid down in the B.C.S.Rs.

2. The S.E., S.C., and the S.E., K.I.C., may be requested to spare (in consultation with each other) the services of a suitable Dy. Engr. (after ascertaining that the officer concerned is willing to go on deputation) for being deputed to the D.L.B., Kanara. If this is approved, these papers may be returned to the L.S.G. and P.H.D. after keeping copies of pp.5-6 and of this note.

2. After ascertaining from the S.E.,K.I.C., the S.E.,S.C., p 1 c/s. reports that there is no permanent or tempy. Dy. Engr. in the Southern or the Karnatak Irrgn. Circles for being deputed to the D.L.B.,Kanara, for apptt. as an Engr. in the D.L.B. The S.E.,S.C., however recommends that Shri K. S. K. Iyengar, who had been continuously offg. as Dy. Engr. for over 5 years, and who has now been reverted as Overseer, may be appointed as Dy. Engr. and then deputed to the D.L.B. for apptt. as an Engr.

3. In G.L.No.7673/36-XIV-E(I), dt. the 14-12-49, certain deserving Overseers, who had put in at least 15 years service and who had earned Cl. 'B' recommendations during the period of five years from 1943-48, were recommended to the B.P.S.C. for promotion as tempy. Dy. Engrs. in the B.S.E., Cl. II. Shri Iyengar was not recommended to the B.P.S.C. for promotion as tempy. Dy. Engr., vide Srl. No.13 in the statt. at p. 308 of File No.7673/36-XIV put up. The Commission had not also recommended his name for promotion as was done by that body in the case of some Overseers who were not recommended by this Deptt. In G.L.No.7673/36-E(I), dt. the 11-12-50, it has been directed that the Overseers, who were not recommended by the B.P.S.C. for promotion as tempy. Dy. Engrs., should not be appointed or continued to officiate as Dy. Engrs. These orders have subsequently been modified and the S.Es., etc., have been asked that those Overseers who have shown marked improvement in their work and have earned good recommendations in subsequent years, may be appointed to officiate as Dy. Engrs. with the prior appl. of Govt., vide G.L.

No.7673/36-E(I), dt. the 13-1-51, Shri Iyengar is one of ~~each~~ such Overseers.

4. The S.E.,S.C., has reported that Shri Iyengar has earned satisfactory reports in 1949 and 1950 and is considered to be fit for being loaned to the D.L.B.,Kanara, for being appointed as Board Engr. The Personal Register and the Personal File of Shri Iyengar are put up below. If it is decided to loan the services of Shri Iyengar to the D.L.B., Kanara, for apptt. as Dy. Engr., the B.P.S.C.'s appl. is necy. to his apptt. as Dy. Engr. as his services are reqd. by the D.L.B. for a period of two years in the first instance.

5. According to the "exception" to the Rule 107 (a) of the B.C.S.Rs., the services of Shri Iyengar are liable to be lent to the D.L.B., However, Shri Iyengar may be granted the same pay as he was getting as Offg. Dy.Engr. in this Deptt. plus spl. pay/deputation allowance at the rate of 20% of his pay. The other terms and conditions of deputation of Shri Iyengar to the D.L.B. will be the same as in the case of Shri S. H. Pethkar, Dy. Engr., whose services have been placed at the disposal of the Bombay State Road Transport Corporation.

6. If the proposals in paras. 4 and 5 are appd., the papers will be refd. U.O. to the L.S.G.& P.D., the P.& S.D. and the F.D. for concurrence after which necy. draft to the B.P.S.C. for their appl. to the apptt. of Shri Iyengar as Dy. Engr., will be put up.

It has since been decided that Shri K. S. K. Iyengar, Overseer, should be deputed to the D.L.B., Kanara for apptt. as Dy. 2. From the Telegram from the President, D.L.B., Kanara, it appears that the Board requires the services of an experienced Engineering graduate for apptt. as the D.L.B. Engr. Although Shri Iyengar is not a B.E. he has passed the first year course of Sanitary Engineering and Plumbing of V.J. Techl. Institute, Bombay. His total service is over 20 years and has officiated as Dy. Engr over 5 years.

I have nothing to say against the appointment of K.S.K Iyengar to the post of the D.L.B. Engineer Kanara. I have already written to the President indicating the difficult circumstances of the P.W.D to spare an Engineer of the qualifications indicated by the President and also drawn to his attention to the other qualities of Sri K.S.K Iyengar. He has got good experience and what is more important he has an ambition to work in Kanara as the Dy Engineer The proposed post will satisfy him Under the circumstances the offer may not be withdrawn until I hear from the President

Please see 'B' of the P.W.D.note dated the 23/4/51. It seems that if Shri Iyengar is to be appointed as Engineer of the D.L.B,Kanara, he will be on deputation to the D.L.B. on foreign service terms and will hold a post on the estt. of the D.L.B., and not on the estt. of Govt. If so, it is not clear how the question of consulting the P.S.C. for his apptt. as Engineer of the D.L.B.arises. P.W.D. may be requested to clarify this. Prima facie, no reference to the Commn. as proposed by P.W.D. is necy. What is necy. is to obtain the Commn.'s approval to his apptt. as Dy. Engineer when his turn comes, for apptt. as a Dy.Engr. under Government.

2. These papers deal with the question of the loan of services of Shri K.S.K.Iyengar to the D.L.B., Kanara, as Dy. Engr. It will be seen from the notes recorded at pp.5-6 ante and approved by H.M., P.W.D., that it has been decided to place the services of Shri K.S.K. Iyengar, Overseer, on loan to the D.L.B., Kanara, on the same pay that he was getting as offg. Dy. Engr. in this Deptt. plus deputation allnce. of 20 % of his pay and the other usual terms and conditions of deputation. In the meanwhile the S.E., S.C., has intimated p.279-C that the H.M., P.W.D. informed him personally on the 28-5-1951 that he was not in favour of deputing Shri K.S.K.Iyengar to the D.L.B., Kanara, as Dy. Engr. as Shri Iyengar would as a result of the 20% deputation allnce. receive higher emoluments than what he was drawing before reversion. The S.E. accordingly suggests that Shri Iyengar may be deputed to the D.L.B., Kanara, without any deputation allnce. He has also stated that he can suggest the name of an unreverted Dy. Engr. from his Circle for transfer to the D.L.B. provided that the S.E., K.I.C., transfers Shri Madbhavi (who was transferred from the S.C. to the K.I.C. for the compilation of the Tank Manual) back to his Circle. In this con. it may be mentioned that no reply from the S.E., K.I.C., with ref. to G.L. No.S.90/1/6962-E, dated the 16-5-51, asking him when Shri Madbhavi will be available for transfer back to the S.C. has yet been recd. As the D.L.B. is expediting pp.25-28 for the loan of the services of an Engr., the Parliamentary Secy. will kindly state, with ref. to his note dated the p.12 18-5-51, whether he has since heard from the President D.L.B., Kanara, and whether the Board is willing to have the services of Shri Iyengar. If so, Shri Iyengar may perhaps be deputed to the D.L.B. as

Engr., on the pay he was getting as Offg. Dy. Engr. in this Deptt. but without any deputation allnce.

3. With ref. to the P.& S.D. noting at p. 13 ante, it may be mentioned that it was proposed to consult the B.P.S.C. in con. with the apptt. of Shri Iyengar as Dy. Engr. under the D.L.B. in view of the fact that, pp. 1-6 as Shri Iyengar was amongst others was found unsuitable for promotion as tempy. Dy. Engr. by the Commn., and he was not to be given an offg. chance in a vacancy likely to last more than one month and in no circumstances to be contd. beyond the period of two months without the prior approval of Govt. In view however of the latter portion of the P.& S.D. note at p. 13 ante it does not appear necy. to address the B.P.S.C. at this stage. The P.& S.D. may see u.o.

Honavar, 26th June 1951.

Dear Shri. Prabhu,

I have your kind letter of the 21st instant. I thank you very much for the same.

The news that Shri. S. K. Ayyengar has been trying for appointment to the post of the D. L. B. Engineer has been in the air since April. The Board has been very keen in securing a duly qualified hand for the post of the D. L. B. Engineer, capable of preparing plains & estimates of major projects and establishing disciplined working in the Engineering Branch of the Board as the Board has not been able to be of any real use as yet to the rural population by bridging the several unbridged nallas on the D. L. B. roads, some of which, you know, are most important. Our representations to the honourable Minister fall flat when the Board has not got plans and estimates of these projects ready. It is hoped that if a well qualified and experienced hand is secured form Govt. P.W.D., the Board will be in a position to get plains and estimates of such urgent and important projects prepared, by giving him, of course, the aid of due staff in their preparation.

Just like Shri. Ayyengar, the Board has already got a D.C.E., Overseer in the Board's service, Shri. K. K. Ayyer, with experience of over 25 years, and with a sincere desire to work in the District as a result of his contact with the people during the course of his service here. At present he is attending to the duties of the Engineer's post. But the Board wants a duly qualified hand, experienced and competent to handle major projects.

The Board may not grudge to pay even higher salary for a competent & experienced Engineering graduate from the Govt. P.W.D. I hear that there are such good Engineering graduates working as Assistant Engineers in the P.W.D. The name of Shri. Kudchaker, such Assistant engineer Karwar sub-Dn., is heard as one of capable ha Only that such hands may not agree to serve in the D.L.B. on the usual 20% increase in the salary. If the Govt. just enquires wit such persons about their terms to work as Engineer in the Board for a period of atleast two years, the Board will consider their cases as it is very keen in securing such capable hand for the

for the Engineer's post.

I earnestly wish that you will endeavour to secure such a hand for the Board in the interests of this district.

Yours Sincerely,

To

Shri. R. M. Prabhu, B.A. LL.B.
Parliamentary Secretary to the
Honourable Minister, Public Works Dept.,
Govt. of Bombay.

Office of the P.S p.W.D.

In continuation of my personal discussion with you in this connection, I would like to request you to re-examine the whole question in the light of the contents of the letter from the President, D.L.B. Kanara who was earlier requested to send his opinion. The President, D.L.B. says that they have got a D.C.E., already serving in the employ of the D.L.B. and, Sjt. S.K.Ayyanger being only a D.C.E. may not be very useful from the point of view of undertaking urgent & important projects He points out, by quoting an instance of Sjt. Kudchatkar B.E. who is a Dy. Engineer in Karwar, that person of his qualifications may be lent to the D.L.B., and also expresses readiness even to pay to such an officer a higher salary. This being the case the offer of the P.W.D. to assist the D.L.B. in supplying a qualified engineer should not please be withdrawn, particularly in view of the backwardness and thick-forestedness of the District. The P.W.D. will have rendered a great service to the district by lending a suitable experienced graduate engineer as suggested by the President.

I think this could be arranged if the Engineer of the Dy. Engineer's grade in the service of the P.W.D. could be required to serve as the D.L.B.Engineer for a period of during which, he would otherwise in the normal course serve in

the P.W.D. as the Dy. Engineer, the P.W.D. lending someother graduate engineer to serve the D.L.B. for further period on the same terms as were agreed upon, so on and so forth. This arrangement is not absolutely difficult of achievement. I therefore once again in the interest of my district request the P.W.D. to re-examine the whole question in the light of contents of President's letter to which I too agree.

I may be informed of the situation. The matter is urgent and hence may be expedited. Sjt. Kudchatkar since his name has been mentioned may be consulted in this connection.

2. Although according to B.C.S.R. 107 no Government servant can be transferred to foreign service against his will, exception under this Rule provides that the services of all officers of the B.S.E. Class II whether direct recruits or promoted, who are employed in Govt. service after the 25th May 1926, are if Govt. finds such a course necessary at any time, ~~are~~ liable to be lent to, or placed at the disposal of D.L.Boards. Shri A.P. Kudchadkar, B.E., tempy. Dy. Engr., can therefore be deputed to work as D.L.B.Engineer, North Kanara, and his prior consent does not appear to be necessary for such deputation.

3. The S.E.,S.C., however might not be able to spare Shri Kudchadkar's services as will be evident from his letter No.G-54 dated the 30-5-51. The S.E. has expressed his willingness to spare a Dy. Engr. provided Shri Madbhavi, Dy. Engr., is transferred back to Southern Circle, from the K.I.C. Shri Madbhavi is engaged on the work of preparing the Tank Manual and would not be available till about October 1951, according to the latest communication from the S.E.,K.I.C. In order therefore to enable the S.E.,S.C., to release Shri Kudchadkar, it is proposed that one Shri P.K.Jahagirdar, tempy. Dy.Engr. who was recently posted to Bombay Circle (vide please G.L. No.9859/36-E, dated the 20-6-51 ~~copy~~ with flag 'X') and who belongs to Bijapur Dist., may be transferred from Bombay Circle to the Southern Circle.

2. Please see "Exception" below B.C.S.R.107(a) which was inserted in the B.C.S.Rs under G.E.F.D.No.3335/33-C dated 27th March 1945. Need for inserting the "Exception" arose, in view of the insertion of sub-rule 19 to Rule 53 in Appendix C to the B.C.S. Classification and Recruitment Rules Manual. Please see the discussion underlying the G.E.F.D. referred to above, especially, (i) para. 3 of this office note dt. 21-7-44. and the then D.S., Shri Nargolwala's marginal remark, against that para, (ii) para 2 of the F.& S.D.'s note dated 9-10-44, (iii) para 2 of the P.W.D. note dt.26-10-44, and (iv) para 2 of the Pers.D note dt. 19-11-44.

It will be seen that, although, the condition, that the persons, appointed to the B.S.E.Class II are liable to be lent to or placed at the disposal of the D.L.Bs. is not specifically brought to the notice of the candidates to that service, at the time of their appointment, yet, it forms, one of the conditions of their service. From the marginal remarks, of the then Dy.Secy. Shri Nargolwala, it can be gathered, that as in the case of Agricultural officers, transferred to the Indian Central Cotton Committee, it is not the intention of Govt. to sanction any deputation allowance to the B.S.E.Class II officers, lent to the D.L.Bs.,

3. Attention in this connection, is also invited to G.R.E.D.No.S.75 dt. 1-8-1950, in which orders have been issued to the effect, that it should be a condition of service to the future recruits of the Asstt. Dy. Edcl. Inspector's grade, that they will be liable to serve as Asstt. Administrative Officers, under the Dist. School Boards, wherever so placed by the D.P.I. without any extra emoluments. These orders have already been codified as "Exception" 2, below B.C.S.R.107(a), by means of a correction slip.

4. Informally it has been ascertained from the P.W.D. that so far, no case of a B.S.E.Cl.II officer, having been deputed to the

been deputedto the D.L.B.has occured. This does not seem to
[illegible] since in the absence
of such a case, the need for "Exception" below R.P.S.R.107(a),
would not have arisen. There are, however cases, in which, the
B.S.E.Class II officers lent to the Municipalities have
been paid deputation allowance at 20% of their pay. Howevdr,
in view of the position explained in paras. 2 and 3above;
the B.S.E.Cl.II Officer lent to a D.L.B. does not [illegible]
eligible for a deputation allowance at 20% his pay.

[illegible]

I stipulate that by Engr. Lieut to D.L. Dn. may not be paid any Deputation allowance

21.7.51

Dy (W)

Secy.

It would seem that there is no bar to a PWD officer secur an deputation to a L.A. being paid Deputation allowance if it is considered desirable to pay it by the authority sanctioning the transfer. If an officer of the rank of XN were transferred to work as Exg. DLB, there would, prima facie, be no case for deputation allce. In the present case, however, it is proposed to transfer a Dy. Engineer. It would appear that the responsibilities which his official would be called upon to undertake as Engineer of the DLB for the Kheda District of Kathiawar would be definitely more onerous than those of a S.D.O. in the PWD in charge of a Subdivision. In the circumstances, there would definitely seem to be a case for granting him deputation allowance of 20% of his pay

Subject: Loan of services of a Deputy Engineer, to the D.L.B. Kanara.

Reference: Govt. Letter No.1670/48-IV-E(I) dt. 26-3-1951.

I cannot spare any permanent or temporary Deputy Engineer from my Circle for being deputed to the District Local Board Kanarafor appointment as an Engineer in the District Local Board. It is also ascertained that the Superintending Engineer, Karnatak Irrigation Circle has none to spare from his Circle.

2. I would therefore, recommend that Shri K.S.K.Iyengar who had been continuously officiating as a Deputy Engineer from 17-10-1945 to 18-11-1950 and who has since been reverted as overseer in view of the orders issued in G.L. (P.W.D.) Confdl. No.7673/36-E(I) dt. the 11th December 1950 may be appointed as Deputy Engineer and deputed to the District Local Board Kanara for appointment as Engineer of the Board as he has served for a long time in the Kanara Division and is well conversant with the situation there. If he is appointed as Deputy Engineer he is willing to go to the District Local Board and I hope that he will acquit himself well as Engineer of the Board in view of his long experience. A statement giving the requisite informa -tion in the prescribed form is attached herewith as required by G.R. (P.W.D.) No. 2145/36-XV of 26-8-1950.

3. Shri Iyengar's pay as Deputy Engineer, at the time of reversion was Rs. 295/- P.M.

4. I, therefore, recommend that Government may, in you concurrence, be moved to sanction the appointment of Shri K.S.K. Iyengar as Offg. Deputy Engineer and then his Deputation to the D.L.B. Dear Shree Balkur,

In continuation of this office No.7656 of 10-12-1950, I write this to inform you that during my talk with the Hon'ble Minister for P.W.D.,yesterday at Sirsi, he agreed to lend the services of a qualified Engineer from the P.W.D. to the D.L.B. subject to the usual terms and conditions, with a view to assist the D.L.B. to carry out their programme of public works mainly roads and bridges. I therefore request you to please place this proposal before the Board immediately and communicate its decision to me as early as possible. I need not again stress the importance of early undertaking of the road works by the D.L.B.

Further in order to meet your difficulty that contractors do not come forward to undertake works in upghat talukas you should consider the practicability of inviting tenders not for single works but for a group of works to be carried out in a suitable area such as a taluka or part of it or parts of 2 or more talukas. This would enable the contractors to arrange for labour and make supervision easier. This suggestion may also be placed before the Board early and every attempt made to accelerate the execution of works without further delay.

Yours sincerely,

SUBJECT:- Appointment to the post of the Engineer in the District Local Board, Kanara.

Sir,

With reference to your letter dated 12-12-1950, communicating that the Hon'ble Minister for Public Works Department has agreed to lend the services of a qualified Engineer from the Public Works Department to the District Local Board, Kanara, with a view to assist the District Local Board to carry out their programme of public works. I have the honour to inform you that your letter was considered by the Board in its quarterly general meeting held on 2-2-1951, while considering the subject of filling in the post according as applications were invited by advertisement in the News Papers after the post fell vacant consequent upon the acceptance of the resignation tendered by the District Local Board Engineer Shri S. R. Mankekar. In all 24 applications were received in response to the advertisement given in the Times of India and the Samyukta Karnatak on 11-11-1950.

2. The Board was pleased to accept the proposal received from you. The Board has resolved to have a duly qualified and experienced hand from the Government Public Works Department to the vacant post of the Engineer in the District Local Board for a period of two years in the scale of Rs. 220-15-400-EB-20-500-EB-25-650, sanctioned by Government for the posts of the District Local Board Engineers, subject to the usual foreign service conditions and terms as laid down in the B.C.S.Rs. A copy of the English version of the Board's resolution No.27 of 2-2-1951, is appended for favour of perusal.

3. I have the honour to request you kindly to move Government in the matter of lending the services of a competent and experienced hand from Government Public Works Department at a very early date. The Board has been without an approved Engineer since 6-11-1950 and has been greatly handicapped in forwarding any proposals of new works for Government grants and hence the request for his early appointment.

4. I am glad to inform you that the Board has been pleased to consider the suggestion contained in your above quoted letter about inviting tenders for a group of works to be carried out in a suitable area such as a taluka or part of it or parts of two or more talukas. The Board has accepted your suggestion and has resolved to try it to the best possible advantage of the Board. A copy of the English version of the Board's resolution No.21 of 2-2-1951, in this connection is appended for favour of perusal.

No.7762. Karwar, 9-5-1951.

I have to state that the Engineer of the D.L.B.Kanara having resigned the Board is left without an Engineer since November 1950. As the Executive staff of the Board thus remained without an Engineer and as there were no early prospect for the Board to secure the services of a duly qualified Engineer, I had discussed this question with the Hon'ble Minister for Public Works during his tour to this district in December last and he had agreed to lend the services of a qualified Engineer from the P.W.D. to the D.L.B.Kanara subject to the usual terms and conditions with a view to assist the D.L.B. to carry out their programme of public works mainly roads and bridges. The Board having accepted my suggestions, the ~~xxxxx~~ Director of Local Authorities, S.D.Belgaum was requested under this office No.7080, dated 20-2-51 to move Government in the matter. The Board having pressed its request to secure the services of an Engineer with effect from 1-4-51, the D.L.A. was again requested on 26-3-51 to expedite the matter and nothing is heard in the matter.

For want of an Engineer, several proposals of works costing over Rs.3000/- and requiring technical approval of a qualified Engineer have been held up, thereby compelling the Board to surrender large amounts of grants sanctioned for village approach roads, village water supply and public works. It is therefore absolutely necessary to fill in the post of the Engineer immediately so that the Board might be able to utilise the amounts placed at its disposal immediately. The total grants which the D.L.B. would be required to spend during 1951-52 on account of local public works and forest grant alone would come to about three and a half lakhs of rupees and the total expenditure on roads alone is expected to be about 6 lakhs.

In the circumstances I would request you kindly to move Government to expedite the matter and arrange to lend the

services of an able and experienced Engineer as early as possible so that it can start the execution of the works in right earnest.

No. G-54.

Public Works Department,
Belgaum: 30th May 1951.

Subject: Loan of services of a Deputy Engineer to the D.L.B. Kanara.

Reference: This office P-9 No.G-54 dated the 13th April 1951.

2. The Hon'ble Minister, Public Works & Housing expressed to me personally on the 28th May 1951 that he was not in favour of deputing Shri K.S.K.Iyengar to the Kanara District Local Board as Engineer because he would have to be given 20 per cent deputation allowance and would thus receive emoluments higher than those he was drawing before reversion. In view of B.C.S.R. 113, I am not sure whether it is compulsory that any deputation allowance should be given in this case and whether there is any objection to deputing him to the District Local Board on the same pay as he was receiving before reversion If, however, such an objection exists then I can nominate a unreverted Deputy Engineer from my Circle provided Shri S.M. Madbhavi is transferred to my Circle, in view of Government Letter, (P.W.D) No.S-90/1/6962-E(I) dated the 13th February 1951. Shri Madbhavi's services are very urgently required in this Circle and I imagine that he has been in the Karnatak Irrigation Circle long enough for the purpose for which he was sent there.
